## How to make your own music

---

- Create a simple melody. Example: “Los Mayos”. You can use other spanish traditional song (popular song)
- Decide what structure you will play: how many verses, refrain (chorus), bridges, instrumental interludes, etc.
- Create a simple melody. Example: “Los Mayos”

How to make

## **your own music**

---

- Choose one of these videos (if needed) and create, with the same structure (verses, chorus, etc) a new melody with your own arrangements. Add lyrics in your favorite language.
- Duration: around 3 minutes.
- Specific instructions on next page.

## How to make your own music

- Try to create, at least, 4 tracks in your session:
  1. Melody track (voice recorded including your new lyrics)
  2. Piano midi track
  3. Percussion track
  4. Strings or other midi instrument track
- Record everything in a DAW (Digital Audio Workstation) like Reaper, Logic Pro, Garage Band, and expose in our next meeting.
